

RUECKSCHLAGVENTIL INFUV C

RÜCKSCHLAGVENTIL Infuvalve C

PZN: 18204312

Inhalt: 1 St

Hersteller: B. Braun Melsungen AG

Zweckbestimmung

Infuvalve and Infuvalve C prevents reflux of infusion solutions during parallel infusion. An effective technical precautionary to raise safety to complex infusion systems. The duration of application for Infuvalve and Infuvalve C is depending on guidelines, e.g. from CDC and/or RKI and/or hospital protocols. Infuvalve and Infuvalve C cannot be used for transfusion therapy as there might be the risk that blood clots may form in the body of the back-check valve.

Zusammensetzung
